SCHOOL TRIP & HIMALAYAN ADVENTURE

4 Nights | **5** Days

Kathmandu • Chitwan • Culture • Wildlife • Nature • Adventure

A Perfect Blend of Learning, Exploration & Unforgettable Experiences

ABOUT NEPAL..

Nepal is a land of rich heritage, vibrant culture, breathtaking landscapes and incredible natural beauty. From ancient temples and sacred sites in Kathmandu to the diverse wildlife of Chitwan, every destination offers something new to discover.

This school trip combines learning, culture, nature and adventure, giving students the opportunity to explore Nepal beyond the classroom, experience local traditions and create memories they will carry home.

Introduction

The Nepal Humanitarian Learning Expedition is an educational initiative curated by Generation Alpha Education Services in collaboration with the participating school. The programme combines community engagement, cultural understanding, conservation learning and student leadership.

The end-to-end Travel arrangements, accommodation, transportation, destination logistics, local coordination and on-ground tour delivery are managed by expert team of Value Adz Education, the designated Strategic Tour Management & Delivery Partner.

Who We Are

About Generation Alpha Education Services

Generation Alpha Education Services designs experiential learning opportunities that connect students with communities, cultures and real-world learning environments. As the Educational Programme Lead and Institutional Partner for this expedition, Generation Alpha is responsible for the programme concept, school coordination, humanitarian-learning framework, student-engagement activities and overall educational quality.

About Value Adz Education

Value Adz Education is an experienced educational travel and tour-management organisation with a strong track record of successfully delivering student tours and group-learning experiences.

As the Strategic Tour Management & Delivery Partner for the Nepal Humanitarian Learning Expedition, Value Adz Education brings its operational expertise, destination knowledge and established service-provider network to the programme. Its team will lead the travel coordination, accommodation, transportation, destination logistics, local partnerships, operational planning and on-ground delivery of the expedition.

Its experience in managing student groups will help ensure that the journey is professionally coordinated, age-appropriate and supported by clearly defined operational and emergency-response arrangements.
